[willfenton](#)

Will is a third year computing science student at the University of Alberta and part time research assistant. Currently looking for a software development internship starting May 2020.

### SKILLS

#### Programming Languages

Master

python c++ java javascript

#### Frontend Web Dev

Advanced

javascript html css vue.js

#### Backend Web Dev

Advanced

flask django

#### Databases

Advanced

sql firestore orm

#### Development Tools

Advanced

git linux ci / cd testing  
nginx scrum

#### Data Science

Intermediate

pytorch fastai scikit-learn  
pandas

### WORK EXPERIENCE (1)

#### Student Researcher at University of Alberta May 2019- August 2019

c++ algorithms machine learning

Researched heuristic search algorithms for the board game Amazons, supervised by Dr. Martin Müller.

- Improved an existing agent, increasing winrate by 60%.
- Developed tools for coordinating tournaments between agents, viewing game replays, automated parameter tuning, and playing against challengers online.
- Developing a new agent for the game of Amazons using deep reinforcement learning.

### VOLUNTEER

#### Vice President at UAlberta Undergraduate Artificial Intelligence Society

January 2019 - May 2021

### EDUCATION (1)

#### B.Sc Computing Science at University of Alberta

2017 - 2021

Grade: 3.91

### AWARDS

Barry J Mailloux Prize in Computing Science at University of Alberta (\$1800)

Undergraduate Student Research Award at NSERC (\$5600)

Undergraduate Scholarship at University of Alberta (\$1500)
